

Domestic Violence Situations

If you, a friend or relative are in a situation involving domestic violence and have to leave suddenly, there is help for your Borzoi. We realize many times there is no time to call and ask rescue for help so we are giving you the option of dropping your Borzoi off at any Veterinarian and giving the office the NBRF toll free number 1-888-264-8898. Tell them to call and assure them NBRF will take responsibility for your Borzoi. Provide them with any and all information about your dogs if it is not your regular Veterinarian. It is also important to provide them with your dog's names, age/s and breeder. NBRF will take it from there. By taking the Borzoi to a Veterinarian's office, you are assuring rescue can get their hands on them and to safety. If you take them to a shelter, you run the risk of rescue not being able to get them out. You also run the risk of your Borzoi being euthanized before rescue even finds out about them.

There is no shame in doing whatever you have to do to get yourself, possibly your children, and your dog's out of danger and no questions will be asked. If at a later time you are able to call NBRF that is fine but we do realize many times people have nowhere to go except a shelter designed for these situations. You may not be allowed any outside contact for your own safety.

Please put our toll free number in your wallet, the glove box of your car or any safe place you can think of so you will always have it with you. Program it into your cell phone with the words ICE, Dog Rescue.

If you are reading this, you may be thinking of getting out of a bad situation but worried about what will happen to your Borzoi. If that is the case, please call the toll free number 1-888-264-8898 number now. If you have time, we can set up a safe place for your Borzoi. Someone can meet you or you can drop the dog off. But whatever you do, **please** do not leave the dog behind. We will be there for your Borzoi. If you are in a bad situation, please, grab the kids, dogs and whatever you can and get out. The decision to leave is yours to make. Please do not stay in a situation that is harmful because you do not know what to do with your dogs and fear for them should you have to leave them behind.

There is help for you and your Borzoi. You just have to take that first step.

You can contact NBRF either by email cbackers@directv.net or toll free at 1-888-264-8898

You are not alone in this and we can and will help.
